## Dynamic Shippers Interest Insurance

Orinoco  
Dynamic Shippers  
Interest Insurance

A digital approach to a tried-and-true insurance product, Orinoco – Dynamic Shippers Interest Insurance is the next-generation shipper’s interest program.

Set limits. Fixed commodity rates. They’ve driven up shippers’ interest premiums, which have always been labor-intensive to generate.

AI-powered Orinoco is the answer, empowering freight and logistics businesses to instantly and cost-effectively protect shipments—all with the predictability of a fixed rating model.

About

#### **What Is It?**

- A-rated, all-risk coverage for goods and merchandise in transit
- Up to \$10M in international and domestic conveyance limits via the digital system
